**Greater Wichita YMCA**

We build strong kids, strong families, strong communities.

---

**2008 Case Statement**

**In 2008, YMCA subsidies will exceed \$2.5 million and will provide these life-changing opportunities to over 35,000 people.**

Through three main program areas, the YMCA provides services to build strong kids, strong families, and strong communities.

**Community Development**

- Middle School After School - serving 7,600 youth at 16 middle schools providing fun, healthy and educational activities in a safe environment. 70% of all MSAS participants qualify for free or reduced lunches.
- **STARS** (Students Together After school for Recreation & Sports) - giving 1,800 children at 10 low-income elementary schools the opportunity to visit a YMCA and participate in recreational and craft activities after school. 91% of STARS participants are not YMCA members and would not otherwise have access to YMCA facilities.
- **BLACK / HISPANIC ACHIEVERS** - helping over 250 minority youth, ages 6-18, set and pursue high education and career goals. Students participate in career clusters, college tours, tutoring and job-skill training.
- **SPLASH** - providing life-long water safety and basic swim skills through a free six-week learn to swim program. 1400 second graders from 25 low-income elementary schools participate. Six out of ten participants have never had a swim lesson.

**Child Care & Camping**

- **SACC** (School-Aged Child Care) - providing before and after school programs for 2,200 children, serving 35 elementary schools. One out of four children receive financial assistance.
- **Child Development Centers** - providing quality early education and care for over 500 children ages 2 weeks through kindergarten eligibility. Over 66% participate at a subsidized cost.
- **Camp** - offering a fun, safe summer alternative to 1,774 children ages six to teens, of which 25% of children pay a reduced rate.

**Healthy Lifestyles**

- **Financial Assistance** - assisting over 28,000 members through our financial assistance program. Within our capabilities, assistance is given towards memberships and most YMCA programs.
- **Cooperative Agencies** - providing free opportunities for over 1,500 youth and adults to help improve their physical and social health, benefiting and developing the community as a whole.
