Greater Wichita YMCA
We build strong kids,
strong families, strong communities.

2009 Case Statement

In 2009, YMCA will provide \$6 million in free and assisted services to more than \$37,000 children and adults.

Through three main program areas, the YMCA provides services to build strong kids, strong families, and strong communities.

Community Development

- **Middle School After School** - serving 7,600 youth at 16 middle schools providing fun, healthy, and educational activities in a safe environment. 70% of all MSAS participants qualify for free or reduced lunches.
- **STARS** (Students Together After school for Recreation & Sports) - giving 1,600 children at 10 low-income elementary schools the opportunity to visit a YMCA and participate in recreational and craft activities after school. 91% of STARS participants are not YMCA members and would not otherwise have access to YMCA facilities.
- **BLACK / HISPANIC ACHIEVERS** - helping over 50 minority youth, ages 6-18, set and pursue high education and career goals. Students participate in career clusters, college tours, tutoring, and job-skill training.
- **SPLASH** - providing life-long water safety and basic swim skills through a free six-week learn to swim program. 1400 second graders from 25 low-income elementary schools participate. Six out of ten participants have never had a swim lesson.

Child Care & Camping

- **SACC** (School-Aged Child Care) - providing before and after school programs for 2,200 children, serving 35 elementary schools. One out of four children receive financial assistance.
- **Child Development Centers** - providing quality early education and care for over 500 children ages 2 weeks through kindergarten eligibility. Over 66% participate at a subsidized cost.
- **Camp** - offering a fun, safe summer alternative to 1,774 children ages six to teens, of which 25% of children pay a reduced rate.

Healthy Lifestyles

- **Financial Assistance** - assisting over 28,000 members through our financial assistance program. Within our capabilities, assistance is given towards memberships and most YMCA programs.
- **Cooperative Agencies** - providing free opportunities for over 1,500 youth and adults to help improve their physical and social health, benefiting and developing the community as a whole.
